

Huggins Hospital Parking Information

On Saturday, April 11, 2009, the construction for the first connector between the existing building and the new construction will begin. This construction will affect the access to the Emergency Out-Patient Service Entrance that presently resides adjacent to the Ambulance Entrance.

For Out Patient Services including Laboratory, X-ray, Cardiac / Pulmonary Rehab, Stress Testing, and Pulmonary Function Testing

Monday through Friday 6am to 6pm:

- Please park in the B & C areas of the new parking lots. The entrance is located between 220 and 224 South Main Street.
- Please access all out patient services through the entrance of the Medical Arts Center only.
- Concierge service is available from 7 AM to 5 PM Monday thru Friday to provide directions and assist you with your transportation needs. Wheelchair assistance is also available throughout the hospital on request.

Weekends:

- Please park in the Main Entrance Parking lot on the south side of the hospital marked A on the map.
- Please access all out patient services through the main lobby of the hospital.

For Day Surgery, GYN/Woman's Health, Speech Therapy and billing assistance

Please park in the Main Entrance parking lot on the south side of the hospital marked A on the map.

For the Emergency Department

Ambulances and emergency patients arriving by car should enter at the Emergency Entrance and deliver patients to the ER Canopy area. Please do not leave vehicles unattended or parked under the canopy after loading or unloading. Vehicles will be required to back out of the canopy area. Parking is available along the wall of the three story building.

Hospital Visitors

Visitors should park in the Main Entrance Parking Lot on the south side of the hospital.
